PROFESSIONAL SUMMARY

B.Tech Engineering student seeking an opportunity to apply technical knowledge and problem-solving skills in a dynamic organization. Aiming to build a strong foundation in software development while contributing to innovative projects and continuously enhancing my skills in emerging technologies.

KEY EXPERTISE

C C++ HTML Python SQL

EDUCATION

Sagar Group Of Institution, Bhopal

2023 - 2027

B.Tech. - CSE - SIRTE | CGPA: 6.19 / 10

Rewa international higher secondary school Rewa Madhya Pradesh, Rewa

2023

12th | MPBSE | Percentage: 60 / 100

Rewa international higher secondary school Rewa Madhya Pradesh

2021

10th | MPBSE | Percentage: 80 / 100

AWARDS AND SCHOLARSHIPS

- Senior Secondary (Cricket)

ASSESSMENTS / CERTIFICATIONS

SAGE Winter School – Certificate of Participation

07 Mar, 2025

Provider: The SAGE Group

Key Skills: Python Programming Basic Coding & Scripting Logical Thinking

Excited to share another learning milestone!

I successfully participated in the **SAGE Winter School** organized by The SAGE Group, where I explored the topic **Unlocking the Power of Python**.

During this program, I strengthened my foundation in Python programming and enhanced my problem-solving and logical thinking skills. It was a great experience gaining hands-on exposure and understanding how Python can be applied to solve real-world problems.

Key Takeaways:

- Stronger grasp of Python fundamentals
- Improved coding and analytical skills
- Better approach to problem-solving
- Exposure to practical applications of programming

This experience adds to my journey as a developer and motivates me to keep learning and building impactful solutions.

IBM SkillsBuild Completion Certificate

Provider: IBM SkillsBuild (in collaboration with The Open University)

Key Skills: Professional Communication Verbal & Non-Verbal Communication Active Listening Team Collaboration

Completed a 24-hour certified course focused on enhancing workplace communication skills. The program covered essential techniques for clear and effective interaction in professional environments, including active listening, collaboration, and conveying ideas confidently. This certification demonstrates the ability to communicate efficiently within teams and adapt communication styles in diverse workplace scenarios.

Resume Writing with AI Support Job Simulation

Provider: Forage

Key Skills: Decoding job descriptions and strategy selection Optimizing resumes for screeners and reviewers

This program involved completing practical tasks over the period of March 2026 to April 2026, focused on modern resume-building techniques and professional career positioning.

Cyber Job Simulation

Provider: Deloitte

Key Skills: Cyber-security Problem Solving Threat Analysis: Professional Communication:

A cyber job simulation is a self-paced, virtual experience—often 3-6 hours long—that mimics real-world cybersecurity roles through practical, task-based exercises, such as analyzing ransomware, phishing, or investigating network logs. It offers a risk-free environment to develop skills, earn certificates, and build practical experience without prior experience

PM Internship Quiz.

Provider: Organized by the Ministry of Corporate Affairs in partnership with MyGov, Government of India.

Key Skills: General Knowledge Employability Foundations Critical Awareness Strategic Career Planning

This is an e-certificate awarded to individuals for participating in the PM Internship Quiz. This quiz is a national awareness campaign designed to educate youth (primarily aged 18–25) about the Prime Minister's Internship Scheme, which aims to provide practical work experience in top Indian companies. Participation helps clarify eligibility criteria and dispels myths about the scheme

Introduction to Generative AI Studio

Provider: Simplilearn (Google Cloud SkillUP)

Key Skills:

Generative AI AI Tools & Applications Prompt Engineering (Basics) Cloud-based AI Platforms

Machine Learning Fundamentals

Completed the "Introduction to Generative AI Studio" course, gaining foundational knowledge of generative AI concepts and tools. Learned how to use AI models for content generation, explored real-world applications, and developed an understanding of cloud-based AI solutions through hands-on learning.

SEMINARS / TRAININGS / WORKSHOPS

Introduction to Generative AI Studio Institute Name: Simplilearn (Google Cloud SkillUp platform) 14 Apr, 2026 - 14 Apr, 2026

Key Skills:

Generative AI fundamentals AI model understanding Google Cloud AI tools usage Prompt-based AI interaction

Basic AI application concepts

This course focuses on introducing the fundamentals of Generative AI using Google Cloud tools. It covers how AI models generate content, basic concepts of working with AI systems, and practical exposure to AI studio environments. The training helps learners build foundational knowledge in modern AI technologies and prepares them for further exploration in artificial intelligence and cloud-based AI applications.

Resume Writing With AI Support Job Simulation

10 Apr, 2026 - 10 Apr, 2026

Institute Name: Forage

Key Skills: Resume Writing understanding job description AI assisted career preparation

Completed a virtual job simulation focused on building effective, AI-supported resumes. Gained hands-on experience in analyzing job descriptions, tailoring resume content to specific roles, and improving overall presentation for recruiters. Developed skills in identifying skill gaps, aligning experience with industry expectations, and creating recruiter-ready resumes using AI tools.

What it takes to be a Data scientist at Microsoft

28 Mar, 2026 - 28 Mar, 2026

Institute Name: scaler masterclasses

Key Skills:

Data science fundamental career roadmap in data science understanding industry expectation(microsoft -level roles)

Problem Solving Analytic thinking

This masterclass, conducted by Scaler, focused on guiding participants toward becoming successful data scientists in top tech companies like Microsoft. It covered essential concepts, industry-required skills, and practical insights into how data science is applied in real-world scenarios. The session also provided a clear roadmap for students to build strong foundations in analytics, machine learning, and problem-solving.

Effective communication in the workplace

14 Nov, 2024 - 14 Nov, 2024

Institute Name: IBM SkillsBuild(in collaboration in the open university)

Key Skills: workplace communication Team collaboration Presentation Skills Active Learning

This seminar focuses on developing effective communication skills required in a professional workplace. It covers how to communicate clearly and confidently with colleagues, improve listening abilities, write professional messages, and handle workplace interactions efficiently. The course also helps in building teamwork, reducing misunderstandings, and improving overall productivity in an organization.

Core Generative Models and Techniques

Institute Name: Microsoft and Coursera

Key Skills:

- Generative AI Fundamentals
- Core Generative Models
- AI Techniques and Applications
- Machine Learning Concepts

Successfully completed the online course “Core Generative Models and Techniques,” authorized by Microsoft and offered through Coursera. The seminar focused on understanding generative AI models, modern AI techniques, and practical applications of artificial intelligence in real-world scenarios. The course helped develop foundational knowledge in generative AI and machine learning concepts.

EXTRA CURRICULAR ACTIVITIES

- o Active member of college Coding Club / Developer Community
- o Regular practice on platforms like LeetCode / HackerRank
- o Contributed to GitHub projects / Open Source
- o Worked as a team leader in academic or project teams
- o Participated in group discussions and technical presentations

PERSONAL INTERESTS / HOBBIES

- o Learning new programming languages
- o Solving puzzles
- o Playing sports (cricket)
- o Traveling and exploring, research new places

WEB LINKS / IMs

- o WhatsApp - 8251090235
- o Github - <https://github.com/Abhishek8251>
- o Personal - https://www.instagram.com/_abbhishekkk_
